All sequences include a four-year plan for mathematics. Solid lines indicate standard or recommended sequences. Dashed lines indicate non-standard or alternate sequence possibilities.

If the student earns a C grade first semester and a D grade second semester, it is recommended that the student take summer school or repeat the course.

The Burbank Unified School District requires 20 semester units of mathematics for graduation. Algebra 1 or its equivalent must be completed for graduation. The University of California and California State University systems both require a minimum of three years of college preparatory math courses—specifically, Algebra, Geometry and Algebra 2— for entrance. A fourth year of college prep math is recommended. Entering 9th graders are placed in math classes on the basis of their eighth grade standardized test scores, and performance in the 8th grade math class.
